

GrantFinder: Europe's leading professional funding tool.

GrantFinder is the leading funding database in the UK covering local, national, and international sources of funding. It offers a user-friendly, time-saving platform which has enabled clients to secure millions of pounds' worth of support.

The GrantFinder community

GrantFinder simplifies access to funding for businesses, local communities and charitable organisations. The benefits of GrantFinder are recognised by a wide cross-section of organisations – public and private sector – with support available at every level, from local voluntary community projects to multi-level European initiatives.

The database is made up of extensive funding opportunities, which covers support for a wide range of project activities, including – business support, the arts, sport, education, housing, crime and rehabilitation, the environment, health and social welfare, local initiatives, capital investment and much more.

For a cost-effective subscription, GrantFinder offers all of the following and more:

- **Access to over 8,000 funding opportunities** – the most expansive database in Europe
- **Real time fund and news alerts** – as soon as we know about a new funding opportunity or change, so do you

- **Precise funding searches** – use our user friendly and intuitive search functionality to quickly identify relevant funding opportunities
- **Simple synopsis** – Easy to read synopsis of each funding opportunity enables you to quickly check eligibility before selecting the full details, saving time when searching
- **Email alerts** – automatic updates on saved searches alerting you to new or updated funds relevant to your profile
- **Bespoke reports** – easily create tailored reports to share with colleagues and third parties
- **Workgroups feature** – create and manage designated groups of people within your funding community, ensuring information is circulated to those who need it
- **Interactive Update Bulletin** – pulling together all reported funding, allowing you to define the information of most value to you to create tailored funding communications
